Collection Agency

NYDOH (New York Dept of Health)

Frequency of Reporting

Starting with any controlled substances that are dispensed on or after August 27, 2013, veterinarians are required to report that dispensing activity to the NYSDOH, Bureau of Narcotic Enforcement (BNE) within 24 hours.

Is Zero-Fill Reporting Required?

Yes

- “Dispensing practitioners” are required to file a zero report, which is a report that no controlled substances were dispensed during the relevant period of time. If a practitioner has never dispensed controlled substances, does not currently dispense controlled substances, and will not dispense controlled substances in the future, then she or he is not considered a dispensing practitioner and the zero reporting requirements do not apply to her or him. If a practitioner is or becomes a dispensing practitioner then that practitioner must comply with all reporting requirements, including filing zero reports. Zero reports are required to be filed within 14 days of either the most recent previously reported dispensing of a controlled substance, the submission of a prior zero report, or the termination of a waiver of the requirement to file a zero report.

Required Information

Owner last Name	Owner ID
Owner First Name	Owner ID State
Owner Address	Species Code
Owner City	Animal Name
Owner State	Patient ID
Owner Zip	NOC
Owner Country	Qty Dispensed
Owner Phone	Rx Number
